It would facilitate mutual interaction, consultation, responsibility allocation and function as an active liaison between, the Participating Institutions and district authorities, local bodies subject expert groups as well as MHRD. It will also closely interact with the National Steering Committee in facilitating measures for effective and smooth running, efficiency and spread of the UBA program, in line with the priorities indicated by the Ministry. Decision to stop, increase, decrease funding may be considered and MHRD may be approached in case of any clarifications. The CI will ensure that the recommendations in the National Steering Committee in regard to funding/ expenditure decisions are not at variance with either the UBA process priorities or approved norms for government funding. The CI would have the responsibility to advise the NSC on expenditure proposal to ensure their right channelization. The accounts for the CI would be also subject to Audit and would itself need to provide utilization certificate and audit reports on request to Ministry of HRD for successive release of funds.

4. RESOLUTION OF DISPUTES

Disputes if any shall be resolved by discussions/consultation among the parties. Unresolved part if any shall be referred to NSC for amicable solution. If there is any other matter not covered by this MoU or if there are differences in the interpretation of the terms and conditions of this MoU, the parties shall agree to make best efforts to resolve these matters. It would be responsibility of the CI to brief the NSC on the Ministry approved parameters of UBA so as to enable decisions in line with requirements. Finally the decision of NSC shall be binding on both the parties, within the guidelines of the UBA programme processes and deliverables. The Ministry of HRD may be approached only in case of any further disagreement after the NSC decisions or where policy clarification is relevant for settling the dispute
