Overview of the event:

Plastic waste has been impacting ecosystem and human lives from since last few decades and the havoc of plastic pollution is continuously on rise. Hardly anyone on earth has experienced the ill impacts of plastic pollution on ecology. On another hand, writing is established as an effective tool for bringing change in society. Writing is considered as a creative art for expressing knowledge, experiences and understanding of the subject matter.

Hence, with an to curb plastic pollution, an essay writing competition was organized in department to motivate students to carry forward the worldwide theme of “**Beat Plastic Pollution: Say No to Plastic**”

Purpose:

To generate awareness on environment conservation, usefulness to the mankind and restricts the use of plastic in the campus.

Conclusion:

The easy writing competition ended with a positive note where students wrote extensively on burning issues and its creative solutions. Their essay on plastic pollution testified their experiences and pledge to bring change locally.

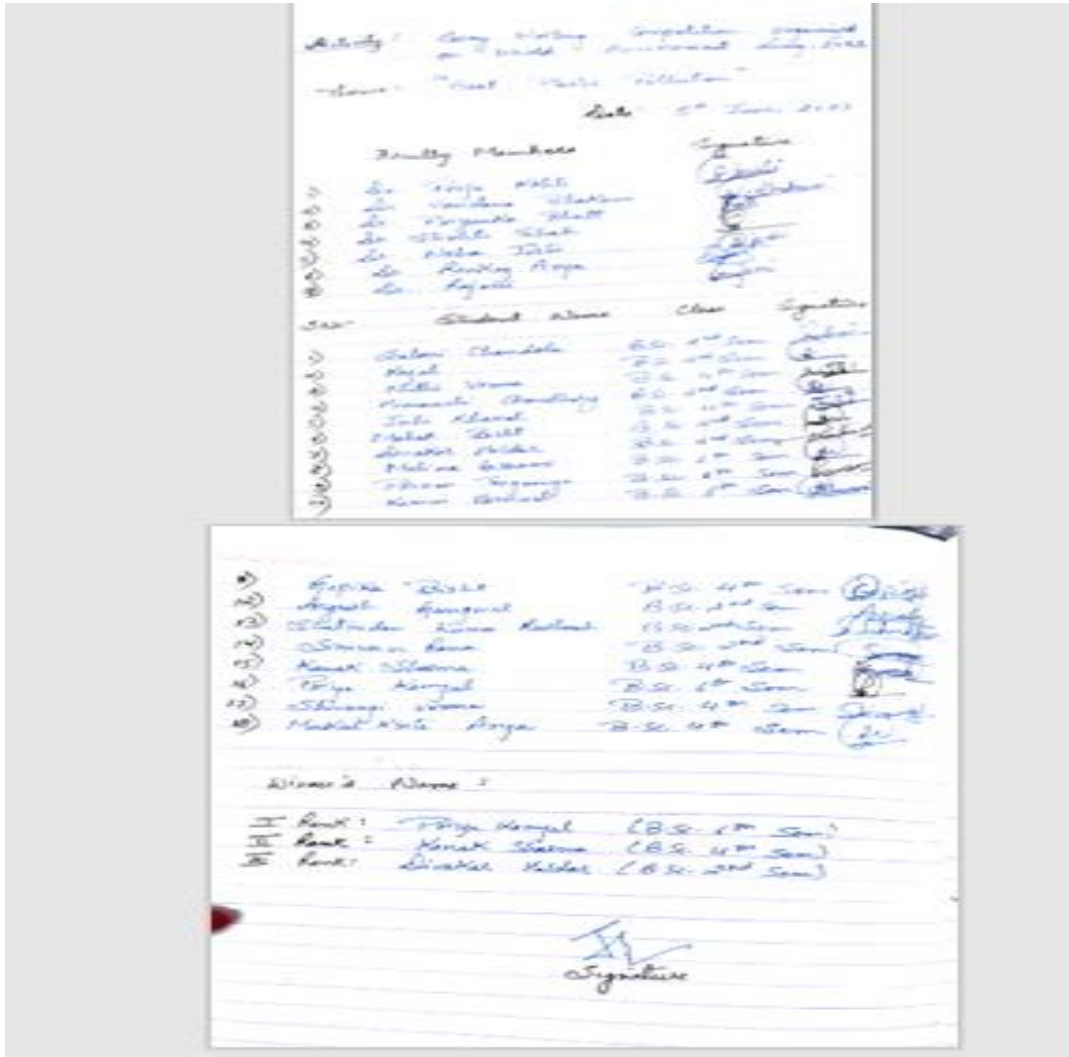

Attendance Eighteen Students participated.
