

Activity 2

| | |
|---------------------------------|--|
| Title of the project | Books distribution and indoor and outdoor activities with students in Matiyal village. |
| Department name | Kumaun university, Nainital |
| Date of event | 22 Aug 2022 |
| Name of organisers/ contributor | Unnat Bharat Abhiyan |

Overview: Recent events have been done in Matiyal village.

1. Book Distribution: By providing children with many educational and cultural books, to inculcate reading habit in them.
2. Lectures on Educational Awareness in Schools: Educational lectures on topics like environmental conservation are offered in schools to raise student awareness. These lectures teach youth the importance of protecting the environment, which motivates them to become responsible members of society.
3. School Children's Talent Programs: Through talent programs that showcase dancing, singing, and other artistic talents, students receive the chance to showcase their skills and appreciate cultural diversity.
4. Plantation Drive: Many local species of plant seedlings such as, Tejpatta, Jamun, Akhrot, Chestnut, Surai etc., were distributed amongst the villagers and students.

Purpose

Providing some historical, cultural and educational books and study materials to school children in Matiyal village, helps strengthen education. The village hopes to empower kids and women of the community, close educational gaps and promote literacy by offering these necessary tools. In addition, study materials guarantee that all children, regardless of socioeconomic background, have equal possibilities for academic success. This program is a manifestation of the village's dedication to fostering the intellectual development and progress of its young people, establishing the groundwork for a more promising and successful future for the whole community.

| | 10:30AM-02:30PM- Lecture and Program | |
| | 02;30PM: 03:00- Book and other Study Material Distribution | |

Attendance and participant: 56 students

Conclusion:

The distribution of books and study materials in Matiyal village. The village shows its dedication to advancing literacy, empowering students, and guaranteeing equal access to educational opportunities for all children by offering these crucial tools. This program helps in the academic achievement of less privileged students in the interior regions of the Kumaun . Matiyal is paving the road for a better future where every child has the chance to flourish and make a good contribution to the community by continuing to invest in education. The plantation drive helps the community in preserving and conserving the local varieties of many trees. This also helps the students connect with nature on a personal level by becoming nurturing towards the plant they raise.
