Executive Summary:

Brief overview of the event: To spread awareness about the importance of nature and biodiversity conservation, the department of Biotechnology organized a nature walk from the Department of Biotechnology, Kumaun University to Joon region of Bhimtal

Introduction:

Purpose of the event:

To create awareness about Environmental conservation.

Background Information: Environmental conservation is necessary because

1. **It protects our natural resources** for future generations, ensuring sustainability.
2. **Maintains the balance** of ecosystems, supporting life and biodiversity.
3. **Reduces the impact** of climate change by preserving carbon sinks like forests.
4. **Ensures clean air and water**, which are fundamental to our health and survival.
5. **Fosters a harmonious coexistence** between humans and nature, promoting well-being.

Event details:

Date: 21st February 2022

Time: 10 am-5 pm

Location of event: Department of Biotech and Joone region of Bhimtal

Agenda: Environment Conservation

Description of activities:

Students, faculty, and staff members performed various activities:

- 1: Collection and proper dumping of plastic waste.
2. Students interact with the residents and local people on the way: Students motivate them not to use plastic bags and do plantation and spread greenery for a better future.
- 3: Environment awareness quiz: A Quiz was also organized during the nature walk, and different teams of students including M.Sc. & Ph.D. Scholars activity participated in the quiz competition.

Attendance and Participants:

Number of Attendees: 45

Demography of Participants: NA

Feedback received: NA

Financial Summary:

Budget allocated: Rs. 27,143/-

Expenditure: Rs. 24,734/-

Income generated: NA

Conclusion

Summary of event: Organizing environmental conservation events offers numerous benefits and play a crucial role in promoting sustainability and raising awareness about environmental issues. By performing a nature walk we tried to provide a platform for education, discussion, and learning about environmental challenges. Participants gain insights into conservation practices, climate change, biodiversity, and sustainable living. These events empower individuals to make informed choices and take action.

Closing remarks: Organizing such events, not only demonstrate our commitment to sustainability but by organizing such eco-friendly events, we tried to create memories for participants while leaving a positive impact on the environment.
