**Subject: 8<sup>th</sup> National Awards for Technology Innovation in various fields of Petrochemicals and Downstream Plastics Processing Industry.**

Dear Sir/Madam,

In pursuance of the National Policy on Petrochemicals approved by Government on 2007, Department of Chemicals & Petrochemicals formulated the scheme for National Awards for Technology Innovation in Petrochemicals and Downstream Plastic Processing Industry. The scheme aims to provide incentive to meritorious innovations and inventions in the field of new polymers, new application of polymers in various fields, new polymer processing machines, innovation in polymer waste management & recycling, green/ bio-degradable polymers & innovation in packaging. Accordingly, nominations were invited in various fields of polymers for 8<sup>th</sup> National Awards for Technology Innovation for the year 2017-18.

2. This Department is pleased to inform you that your nomination entitled '**Smart Synthesis of Carbon Nano material along with the production of High Value Added Fuel and Additives for the Concrete Mixture from Waste Plastic.**' under the category of '**Innovation in Polymer Waste Management & Recycling**' has been selected as **Winner** for 8<sup>th</sup> National Awards for Technology Innovation.

3. The details of the award function to present the award to the awardees will be intimated to you shortly.

Yours faithfully
